  ) ss.  
COUNTY OF BROOME        )

I, JOHN SOLAK, being duly sworn, do hereby state as follows:

1. I respectfully submit this Affidavit in support of the proposed settlement executed on July 10, 2025 (the "Settlement") and the requested fee and expense award (the "Fee and Expense Award").

2. I previously held shares of Mountain Crest Acquisition Corp. II and held shares of Better Therapeutics, Inc. at all relevant times throughout the wrongs alleged in the Complaint. I am not involved in any other litigation regarding the wrongs alleged in the Complaint. During the course of this litigation, I supervised

and monitored the Action by means of period oral and written reports of material developments from Plaintiff's Counsel.

3. I have reviewed the terms of the proposed Settlement with counsel. I approve and fully endorse the Settlement and recommend its approval to the Court, because I believe it to be a fair, adequate and reasonable resolution of the issues disputed in this Action.

4. I have also reviewed and support the requested Fee and Expense Award for Plaintiff's Counsel. Plaintiff's Counsel contributed to the results achieved in the Action and should be compensated. In light of the benefits achieved in the Action, I believe that the requested Fee and Expense Award is fair and reasonable under the circumstances.

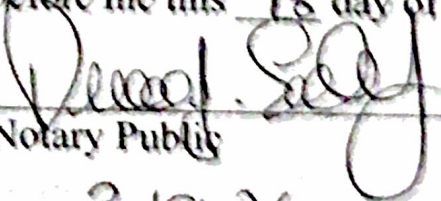

5. I affirm that I have not received, been promised or offered, and will not accept any form of compensation, directly or indirectly, for prosecuting or serving as a derivative plaintiff in this Action, except: (i) the indirect benefit from any damages or other relief that the Court may award to the Company; (ii) a ratable share of any damages or other relief that the Court may award; (iii) any fees, costs, or other payments that the Court expressly approves to be paid to me; or (iv) reimbursement from my attorneys of actual and reasonable out-of-pocket expenditures incurred in prosecuting the Action.

6. I state under penalty of perjury under the laws of the State of Delaware that the foregoing is true and correct.
